
VisionWay Christian School
Chromebook Lease Agreement

Incoming 6th, 7th, and 8th grade students will be issued Google Chromebooks for use in school and at home. This document provides students and their parents/guardians with information about taking care of the equipment, using it to complete assignments, and being a good digital citizen.

Students and their parents/guardians are reminded that use of any technology at school is a privilege and not a right and that everything done on any school controlled computer, network, or electronic communication device may be monitored by the school authorities. Responsibility for use is detailed in the *Technology Acceptable Use Policy-VisionWay Christian School* document.

OWNERSHIP OF THE CHROMEBOOK

VisionWay Christian School retains sole right of possession of any Chromebook that follows the 3 year lease to own option. The Chromebooks are leased to the students for educational purposes only for the academic year. All leased Chromebooks will be collected at the end of the academic year, stored over the summer, and redistributed after school begins in the fall and lease payment is received. *VisionWay Christian School administrative staff and faculty retain the right to collect and/or inspect Chromebooks at any time, including via electronic remote access and to alter, add, or delete installed software or hardware.

*Units that are purchased outright and not through the lease purchase will also be subject to the items above. VisionWay Christian School requires all Chromebooks used for education to be added to the VCS Google Device Management System, regardless of ownership.

Students are solely responsible for the Chromebooks issued to them and must adhere to the following:

If a student's Chromebook is inoperable, the school has a limited number of spare devices for use while the student's Chromebook is repaired or replaced. This agreement remains in effect for loaner computers. If a student does not bring his/her Chromebook to school, the student may be required to borrow a device from the school based on the direction from his/her teacher.

WARRANTY AND INSURANCE

The school will repair or replace damaged equipment due to normal usage or unavoidable accidents. If the unit is under manufactures warranty it may be sent in for repair depending on the defect or issue. Repair costs associated with breakage and damages deemed as willful abuse or neglect will be the responsibility of the student. The school will make its best attempt to purchase replacement parts at the best possible price. Loss or theft of the device is also the student's responsibility and will result in the student being charged the full replacement cost to purchase a new device.
